Dear Hatem,

I would like to thank you for your excellent organization as well as your personal attention and supervision of Kodak Polychrome Graphics 3 days Event at The Ritz Carlton in Sharm El Sheikh.

We have received a very positive and enthusiastic feed back from our guests and distribution partners about the content and the course of the Event, where you personally supervised the last one.

We will be more than happy to serve your Travel House of Egypt as reference for the future events you will be organizing. I am also very sure that you will be The Partner of Choice for Kodak Polychrome Graphics future events in Egypt.

Once more thank you for your involvement and your professional commitment.

With best personal regards
